## Editor's Report

Hello all! I don't know about you ... but this year has been quite the roller coaster! Hope all our members are doing OK & you are looking after yourselves & each other!

If anyone has some 'bolts of inspiration' for items we can include &/or promote in either the SFTHM or the Quarterly Newsletter – please send them through! I am in need of inspiration!!

### **'COVID Cuties' Photo Competition – Get Involved!**

Please have a look at the flyer attached & spent a minute to send through your photos of your 2020 foals! There are some great prizes up for grabs & I very much look forward to seeing your new additions & sharing them with our members!

### **2020 Annual General Meeting (AGM)**

All members should have now received an update on the conduct of our 2020 AGM. To recap – we have received a 3 month extension from Consumer Affairs & intend to apply again for a further extension. The aim being to maintain the status quo with regard to the Committee, if possible until August 2021. The primary consideration is for the health & safety of our members, as well as ensuring that all members have the opportunity to participate regardless of where they live or what technological access they have. These are unprecedented times that have raised unique situations & challenges. We will ensure Members are updated as updates are received.

### **Its only 10 Weeks till Christmas!**

#### **Christmas Shopping Sorted!**

We've got your Christmas shopping covered with our CCHS merchandise & the 2020 Clydesdale Yearbook! ( You're welcome!! )

Thank you to all members for your support & input to SFTHM throughout 2020. Now more than ever, I really need to hear from our members as to what you would like to see included in SFTHM.

Take care!

We are very excited to announce that we have successfully artificially inseminated Jendalyn Annabelle with frozen semen from Carnaff Ambassador, and are eagerly anticipating foaling season next year. We would especially like to thank Terry & Jean Edge for allowing us to collect from Ambassador and create this great opportunity for us and the breed within Australia. We are also would like to thank Stallion AI for there professional performance in managing the quarantine and collection process. We are very thankful for the professional services that Dr Miesja from Lancefield Equine Clinic performed. Image may contain: horse and outdoor

## Vic Branch Committee Goes Online! ZOOM Meetings!

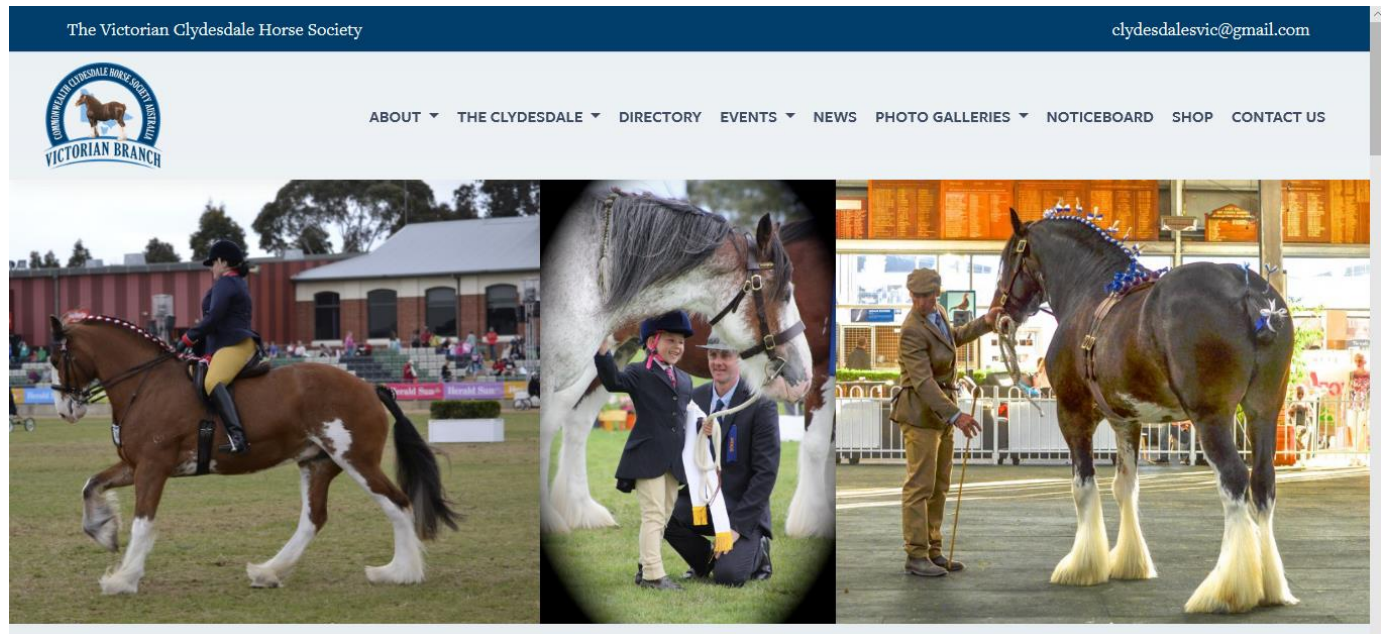

COVID-19 is forcing us all to learn new skills! The Victorian Branch Committee held a Trial Committee Meeting over Zoom recently to see if this would be a viable option. From all reports – *(with the exception of a few hiccups!)* all went fairly well. It is something the Committee may be forced to utilise more in the coming months.
