'Thank You'... Rod Kilgour for Sending in a Review – 2020 CCHSA Victorian Branch Yearbook

The publication of the CCHS Victorian Branch Year Book for 2020 has resulted in the possibility that this year's edition could be regarded as the best year book yet. Editor, Barb Ford and her Committee, are to be commended on producing a magnificent "living history" of the Victorian Branch for this year. The usual results from the Royal Melbourne Show 2019 and the Clydesdale & Heavy Horse Festival are included, along with many photographs of sectional winners – the quality of which are exceptional.

Fascinating stories, such as "The Heyday of the Working Horse" remind us of our past, as will the report on the history of the Wodonga Clydesdale sales. Informative articles, such as "Mares and their Influence in Breeding" and Denia Gilheany's story on Assisted Reproductive Techniques are of great value. News of activities in other States, New Zealand & Scotland, provides fascinating reading. The overall quality of the publication is amazing. The 2020 Year Book is an "absolute must" for your library.

LANARK HORSE SHOW AND SALE, 13th OCTOBER, 1911. A CORNER.

A hundred years ago, the biggest sale of Clydesdale in Scotland was held in the town of Lanark, near the birth place of the breed, with well over 1100 being sold. They were tethered round the market field which allowed buyers to see them in action. Here is just one corner of the field
